COMPANY PROFILE

Expo Vision Ltd. is one of the leading companies on the EU advertising market in the field of planning, design and construction of exhibition stands.

As the region's leading exhibition stand contractor, we provide invaluable advice on the entire exhibition process.

We have a large team of exhibition designers, project managers, transport and logistics staff who can undertake any size of project anywhere within the world. We have experience of designing, building and delivering exhibitions throughout the United Kingdom and Europe.

Designing, building and project management are all strings to our bow when it comes to creating innovative spaces for your audience to interact with at exhibitions. Expo vision specialises in building high quality, beautifully designed and practical exhibition stands of all sizes. We work with you as part of your team to understand your objectives and requirements. We will support you with every aspect of your event, including leaving all of the boring paperwork associated with exhibitions to us.

For over a decade Expo vision has been creating innovative exhibition stands, providing a complete design, production and management service Europe wide. Our aim is to bring potential clients to your stand using the latest techniques to maximize your effectiveness on the show floor.

Expo vision has experience to working to high quality specifications. Highly skilled and experienced workforce excellent design development expertise careful attention to detail. We can offer you the best solution within your budget.

A company with creative designers, talented and qualified architects and engineers supported by trained staff. We make custom design stands for exhibitions and our clients are government organizations and multinational companies.

To make a better stand only quality finishing and materials will do. That's why every stand constructed by Expo vision is build with high finishing, sharp graphics and material as glass, aluminium, to give you the best result possible.

The use of the latest CAD technology in the stand design and technically qualified professionals in the production guarantee top quality exhibition stands.

Our company has been designing, building and servicing the stands of Ministry of Economy, Energy and Tourism of Republic of Bulgaria, Tourism Organization of Altai and the Federal Agency for Tourism of Russia at all international tourist exhibitions across Europe for the past 7 years:

- ITB Berlin, Germany;
- MITT Moscow, Russia;

R E F E R E N C E

Dear Sirs,

Sixt year the company Expovision manages to take the right to make the project and construct the stands for the **Russian Federation on all international tourist exhibitions**.

We are pleased to remark that every year we get stands with extremely high technical and aesthetic indices which was the reason we attract big interest on the exhibitions.

From the name of company “Expotour” Ltd. we show our gratification and thankfulness for the quality of your work and the flexibility in including new elements in the design and in the construction of the stand sometimes in the last moment. Thank you for not stopping astonishing us with your ideas and we hope that we will work together many years.

From the name of company “Expotour” Ltd. we recommend firm “Expo Vision” Ltd. for design and construction of exhibition stands.

Best regards,

General Director of “Expotour” Ltd.

Alexander Tevelev
